HEALTH HAZARD and ELECTROMAGNETIC RADIATION EXCLUSION

This endorsement modifies the Conditions provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

This insurance does not apply to “bodily injury”, “property damage” or “personal and advertising injury” arising wholly or in part, directly or indirectly, from any single, continuous, intermittent or repeated exposure to, ingestion of, inhalation of or absorption of any "health hazard" or “electromagnetic field radiation”.

SECTION V - DEFINITIONS is amended as follows:

“Health hazard” means any chemical, acid, alkali, radioactive material, or any other irritant or other substance, product, or waste product, respecting which contact with same or the fumes or other discharges or effects therefrom (whether liquid, gas, or solid) are alleged or determined to be toxic or harmful to the health of any person, plant, or animal.

“Electromagnetic field radiation” means any discharge, emission, release, broadcast, or transmission of any form of electromagnetic energy emanating from any power line, communications tower, generating system, electrical equipment, device, or any other man made source.

All other terms, conditions and exclusions under this policy are applicable to this Endorsement and remain unchanged.
